

## GOOD ORE FOUND IN SHYLOCK. MINE

(From Tuesday's Daily)  
Splendid reports reach the city of the results attending the deep development on the Shylock group of the Arizona Central Copper Mining company, at the depth of 780 feet the important announcement is made that copper glance has been struck at that point.

In addition to this noteworthy determination that has been accomplished, sulphide ore bodies, more pronounced than ever before, were seen, while the grade of the quartz was better than in the upper workings. Another favorable indication was that water was coming in. No other move is being made by the company than in shaft sinking, it being the purpose to reach great depth as rapidly as possible, leaving the drifting on the vein and the crosscutting work aside until the main object of deep exploitation has been accomplished. Sinking on the main shaft is given at good speed through the Temple Electric air drills, and at an economical expense.

The striking of the new mineral conditions will be welcomed by the mining community, the Central Arizona people operating earnestly and practically. J. B. Cleveland is the superintendent of the enterprise, and in a brief statement made yesterday, confirms the news as above, saying that at no time in the past since the property has been under his management, has it the good showing at the deepest workings as is now in evidence. Further exploitation of the deep work will be awaited with a keen interest, the general belief prevailing that in a section so highly mineralized as the Shylock location is, immense bodies of ore must as a result follow.

## PASSED AWAY IN THE EAST

(From Tuesday's Daily)  
Howard county, Missouri, newspapers that reached the city yesterday contain the death notice of Mrs. G. W. Dimmitt, at Fayette, which sad news will be received in this city with regret, the deceased being the only sister of Probate Judge C. P. Hicks of this city.

Judge Hicks received, several days ago, the news of the demise of his sister, at which time the only information he learned as to the cause was that her clothing became ignited and after frightful torture for nearly twenty-four hours she was relieved of her suffering and passed away. In speaking of the death and burial of this estimable lady, the Howard County Advertiser says:

"Funeral services were conducted from Centenary Chapel, Thursday afternoon, at 2 o'clock, conducted by her pastor, the Rev. C. W. Tadlock, assisted by President H. E. Stout and Rev. A. B. Culbertson, after which her mortal remains were interred in the city cemetery.

"Deceased's maiden name was Mary Belle Hicks, daughter of the late James Hicks and wife. She was born near Fayette, Howard county, Missouri, July 27, 1856, hence would have been 54 years of age had she lived until July 27, next. She was educated at Howard-Payne College, and later became a teacher in that institution. In her early girlhood she was converted and gave her life to her Saviour. She united with the M. E. church, South, and was ever a most faithful and consistent member.

"November 11, 1886, she was united in marriage to G. W. Dimmitt. To this union four children were born, two of which preceded her to the other world. The two children, who, with her husband, survive her, are Miss Mary and Master Wilbur. She leaves an only brother, Charles P. Hicks, at Prescott, Arizona."

### OPTIMISTIC OVER THE FUTURE FOR COPPER

There is cause for mining men and business men to expect better conditions to prevail throughout the Southwest during the spring months. In this immediate vicinity already there are good indications of returning activity. This is borne out by a glance at the hotel registers at Bisbee, Douglas and La Cananea, and reports from Sonora are to the effect that numerous

enquiries for legitimate mining propositions are being received, says the Bisbee Review.

Dr. James Douglas, president of the Copper Queen Mining company, and Capt. Thos. Hoatson, second vice-president of the Calumet and Arizona who have been in the Warren district this week, both bring assurances of a better copper market in the near future. On Saturday morning the Associated Press brought the pleasing information that the Copper Producers report for the month of January confirmed their opinions.

With copper selling at 15 or 16 cents per pound the southwest would quickly experience a quickening in all industrial pursuits and the indications are now that we shall again see this figure and at no very distant date.

Capt. Thos. Hoatson, one of the moving spirits in Calumet and Arizona affairs, also in Superior and Pittsburg, has devoted his time during the past few days to an inspection of underground workings of the Calumet and Arizona. Capt. Hoatson expressed himself to the Review as very well pleased indeed with underground conditions at the C. & A.

Development work in the big sulphide body recently discovered on the 1350 foot level of the Oliver continues with great encouragement. The belief that this body extends to the 1450 level has been strengthened, and if it proves true it will be one of the most remarkable finds in the history of the district.

Other work at the Calumet and Arizona and Superior and Pittsburg goes on the same as usual, with nothing of a startling nature to report. The shipments to the smelter continue up to the average.

### INTEREST REVIVED IN MONICA SECTION

Good reports reach the city of development attending late work on the Deward mines, near the Monica camp, in the Peoples valley region, and from a recent shipment to the El Paso smelters a value of \$96 per ton in gold was given Weisling brothers, who own the property.

This value has created a revival of mining interest in that field, and materially enhanced the possibilities of the mining project that gave these good returns. The shipment came from development work, and while the vein is said to be light at points it is immensely rich.

The property was worked to shallow depth several years ago and abandoned, and about three years ago was relocated by its present owners. At intervals it was worked, but since the recent demonstration of merit it is the intention to establish a camp and to prosecute development in the future extensively.

E. Weisling, of the firm, is in the city on business and feels enthusiastic over the returns received, and the showing the property makes. With his brother he will start up work in a few days in sinking the main shaft to depth.

### PASSES AWAY IN CALIFORNIA.

(From Sunday's Daily)  
Telegraphic advices from Ray Hill yesterday at Los Angeles conveyed the sad news that his mother had succumbed to asthma, Friday. She had sought a change of climate in vain, hoping to effect a cure. She left here about two years ago, and experienced relief until recently, when a recurrence set in. Realizing that she was seriously ill several days ago, her daughter, Belle Hill, requested the son, Ray Hill, to come to her bedside, and this was complied with, Mr. Hill reaching her Monday morning.

Mrs. Hill was one of the best known of the pioneer women of this section, arriving nearly thirty years ago in Prescott. She was generous to all, and many kind and considerate acts were extended to the needy and distressed, and in the spirit of true Christianity.

Mrs. Hill was a native of Canada, and was aged about 63 years. Her only relatives are Ray Hill of the Hill Hardware company of this city, and Miss Belle Hill, the chief operator of the Home Telephone company of Los Angeles.

### START THE WORK.

(From Tuesday's Daily)  
George W. Sines & Rockmark, who have the contract for building the cut off road from Pine Flat to Mayer, left yesterday for Goodwin, with men and teams, to start up the work. He will rush the project to completion rapidly. The mining people of that district welcome the building of this highway, as it will materially assist them in their development and reduce to a minimum the transportation in and out of supplies and the production of their properties. Especially will this be true when the Humboldt smelter resumes operations.

## City News ...In Brief

(From Sunday's Daily)

### Mining Man Here.

U. C. McSweeney of Cherryvale, Kan., who is re-opening the Triangle mine in the McCabe district, is in the city on business.

### Professional Visitor.

Dr. J. K. McDonnell, a physician of Jerome, was in the city yesterday to visit his family, who are temporarily residing here.

### Will Ship Sheep.

Hugh Campbell, one of the representative sheepmen of this section, has gone to Mayer, to arrange for the shipment of his flocks to the north again, where grazing conditions are said to be better than in the southern part of this county.

### Cattle Buyer Returns.

Ed. Anthony, the Texas cattle buyer, arrived in the city yesterday from the north, where he purchased feeders for the Denver house he is representing.

### Merchant in City.

Ed. Zeiger, the Congress Junction merchant, is in the city on a business trip, and will return home today. He is also justice of the peace of that precinct.

### Visited Relatives.

Mrs. R. H. Burmister, after several days in the Capital City, where she has been the guest of her son, R. B. Burmister, the banker, arrived home yesterday.

### Apple Grower Arrives.

W. H. Roberts, who cultivates the apple extensively, is here from Williamson Valley. He anticipates a big crop this season, and is an expert in rearing that article.

### Returns Home.

Mrs. J. C. Milligan, an estimable lady of Flagstaff, who has been visiting the city for a few days, the guest of Mr. and Mrs. H. F. Ashurst, returned yesterday to her home.

### To Visit Former Home.

Mr. and Mrs. Jack Jones will leave today for a month's visit to their former home in San Francisco. Their parents reside in that city, and the occasion will be a family reunion.

### Mining Visitor.

John Siess, who, with John O'Dell, is working the Ora Belle mine at Harrington, under lease, is in the city. He says the property is looking good, and will return to his camp Monday.

### Competent Teacher in City.

Miss Maud Boyleston, the efficient teacher of the Skull Valley public school, was an arrival in the city yesterday for a few days' visit with friends. She will return this evening.

### Mine Foreman Returns.

J. S. Sessions, the superintendent of the Arizona Copper Gold Mines company, on Cherry Creek, arrived yesterday from a business trip to Denver, in the interest of that company.

### City Lot Sold.

A. W. Edwards yesterday disposed of lots 35 and 45 in block 17, to Milton Tregalles, receiving \$600 therefor. The property is located on Alarcon street, between Union and Goodwin, on Nob Hill.

### Chinese Dies Suddenly.

Chink Hong, a Chinese laundryman, was found dead in his room at the wash house on North Montezuma street, yesterday morning. His death was due to heart trouble, and a verdict to this effect was returned.

### Brings Good News.

Mrs. George F. Anderson, who reached the city yesterday from Phoenix, where her husband submitted to an operation a few days ago, for appendicitis, brings the good news that his recovery is assured. He is rapidly recovering from the operation, which will be agreeably learned by his many friends in this city.

### Back to Mines.

After several days spent in the city on business matters, Daniel McCarthy, who has mining interests near Wagoner, left yesterday for his camp. He will resume work and feels elated at the good showing made on his claims.

### Roads Improving.

George Conard, the auto mail carrier to the Juniper country, brought in several braces of ducks yesterday for friends in the city. He says road conditions are improving and he makes the trip going and coming in good time.

### Smelter Manager Arrives.

B. H. Bennetts, general manager of the Humboldt smelter, was in the city yesterday, going to the north in company with LeRoy Anderson, the legal representative of the Consolidated Arizona Smelting company, who are erecting the plant.

### Likes the Climate.

S. A. Parker of Salt Lake, Utah, accompanied by George H. Davis, was an arrival in the city yesterday. He

is en route to the Parker country to spend the winter, for the second time. He is pleased with that section, and goes there for his health.

### Again At It.

Messrs. Elliott, Brennan and Minor, architects of this city, who submitted plans for the Pioneer Home, are again employed, and will send revised plans of their work to the Board of Control, in accordance with the re-advertising ordered for that institution.

### Sells a Prospect.

A deed was recorded yesterday in which John Merwin sells to Mrs. W. W. Mitchell a mining claim in Castle Creek district, for the sum of \$200. It is said that Mrs. Mitchell will expend a considerable sum in development, and is conversant with mining operations.

### Fire at Wenden.

Fire destroyed three houses at Wenden a few days ago, and the loss will reach over \$3,000. The houses burned were Mrs. Gillespie's, Judge Joseph's and the Sam Boblett home. The blaze started in a kitchen and no water being available, the houses were a complete loss, with their contents.

### To the Springs.

George H. Schuerman, accompanied by his daughter, Mrs. Annie Vanderbilt, will leave tomorrow for the Agua Caliente springs, in Yuma county, in the hope of benefiting his health. He is suffering from a recurrence of rheumatism, and has been confined to his bed for several days.

### To Visit Home Folks.

Mr. and Mrs. Jack Jones leave this morning for San Francisco, to spend a month with their parents. During his stay, Mr. Jones, who is an ardent admirer of the manly art of self-defense, will take advantage of the opportunity to witness the Nelson-Wolfgang fight which takes place next week.

### Resumes Journey.

Mrs. James Lawler, who arrived Thursday from Los Angeles, visited until yesterday with friends in the city, and was a guest of Mrs. A. J. Head. She was en route to Globe, to join her husband. She is a daughter of the late Dr. Booth, a prominent physician and citizen in the early days of Needles, Cal.

(From Tuesday's Daily)

### To the Coast.

Mrs. A. Cruickshank, wife of the county botanist, left a few days ago for a visit to friends in Los Angeles.

### To Attend Meeting.

Mrs. J. C. Graves left last evening to attend the annual meeting of the Daughters of Isis, to be held in Phoenix, February 23.

### Leave for California.

W. D. Greenwood, with the Hill Hardware company, leaves today for Napa, Cal., where he has business interests to attend to.

### Pioneer in City.

Luke Fleming, the patriarch of Turkey Creek, and following the mining business, was in the city yesterday, returning home later in the day. He reports considerable activity in that section and many investors coming to inspect different properties.

### Small Land Sale.

Yesterday Charles H. Hooker disposed of lot 13, in block 1, of Hooker's addition to Jerome, to Paul Smyly, for the sum of \$40.

### W. C. T. U. Meeting.

The regular business meeting of the W. C. T. U. will be held at the home of Mrs. I. F. McKay, West Gurley street, this (Tuesday) afternoon, at 3 o'clock. A full attendance is requested.

### Visited Relatives.

Cais Moden, an employee of the S. F. P. & P. and the U. V. offices at Jerome Junction, was a visitor to the city yesterday to visit relatives, returning to his duties on the afternoon train.

### From the Desert.

James Seaman, capably rated in mining circles, was an arrival yesterday from the desert region near Bouse. He says that section has some valuable mining properties and considerable activity is going on.

### Musical Artists Leave.

Mrs. R. H. Smith, Ernest Emanuel, Joe Arahambau and J. A. Laudenslager left yesterday for Jerome, where they will furnish the music for the annual ball of the fire department, that took place last night.

### To Kingman.

John Mason Ross, the attorney, left yesterday for a professional trip to Kingman, to be absent a few days. H. A. Cheverton, the cashier of the Prescott National Bank, was a passenger also for the same point.

### Earning Their Grub.

The four county mules were taken to Williamson Valley yesterday, where they will be put to work on the crossing at Simmons Station, where extensive repairs are to take place in order that travel may be resumed over it.

### Shriner Event.

Mr. and Mrs. C. H. Rutherford of Jerome, E. F. Tarr and George Hill of Winslow, A. D. Barnhart, John

Siess and A. A. Johns of Prescott, were among those to leave last night for Phoenix, where the Mystic Shriner will assemble today.

### Mining Visitor.

Charles Mackling, the owner of valuable mining ground near Dewey, was a visitor to the city yesterday on business. He will return today and begin the development of his ground, taking out ore for the Humboldt smelter.

### Land Sale.

James Russell, while in the city yesterday, closed the sale of land in Skull Valley, purchasing from William Dickson a one acre tract at the depot, and improvements thereon, paying \$500 therefor. The place is occupied as a boarding house site at the present time.

### Returns from East.

R. H. Burmister, president of the Arizona Copper-Gold Mines company, whose properties are located on Cherry Creek, arrived from Wisconsin Sunday evening. He was called to that section in the interest of his company, and reports the trip a successful one from a mining standpoint.

### Bagged the Ducks.

A party of four well known hunters, George Wood, Ed. Meek, Robert Hetherington and Mr. Wilhelm, visited the lake regions of Williamson Valley, Saturday, and returned with a wagon load of ducks. To the Yavapai Club reserves were Messrs. Harzell and Talbot, each returning with six birds of the Mallard variety.

### Looking at Onyx.

R. A. McHenry, identified with the marble and onyx manufacturing business at Santa Ana, Cal., arrived in the city, Sunday, and left yesterday for Big Bug, where the big onyx mines are located. He goes to that section with a view of making examination of the product and may decide to purchase, it is reported.

### Official Returns.

J. C. Forest, recently appointed assistant United States District Attorney, returned to the city yesterday from Tombstone. He made his initial appearance in his new office, at a term of the Federal Court in that city, assisting United States Attorney Morrison. He says the grand jury returned a total of seventy-four indictments.

### Brings Good News.

A. W. Robinson, who has been at the bedside of his wife in San Diego, for several weeks, reached the city yesterday, bringing the good news that Mrs. Robinson has improved so rapidly the past week as to permit of him returning. This news will be received by her many friends in this city with a great amount of pleasure and consolation.

### Moved His Business.

Benjamin Rossi, who has been conducting a liquor business near Crown King, and unfortunately for his interests selecting the forest reserve domain, reached the city yesterday. He says he closed up his place and has discontinued the business, being peremptorily ordered from the ground on the 15th of the present month, which he obeyed to the minute.

### Visited Relatives.

H. L. Fishel, who until recently was the chief engineer of the Bouse & Swansea railroad, arrived yesterday from a visit with relatives in Philadelphia, Pa., where he reports having had an enjoyable time. He will be assigned to the A. & C. railroad at Parker, as an engineer in constructing the line to Bengal, and will leave in a few days to assume his duties.

### Rancher in City.

B. H. Bowen, well known throughout the county, was in the city yesterday from Lower Kirkland Valley, where he has leased the Chantz ranch and range interests. He speaks of the coming season in these industries as being flattering, and anticipates prosperous conditions. Mr. Bowen says that some cattle have been dying there recently, through what is believed to be black leg. The epidemic is not general, and is practically wiped out.

Joe Macklin, the general manager of the Eleanor Placer Mining company, who are installing a dredging plant on French Gulch, was in the city yesterday on company business. The rebuilding of the dams washed out is the purpose of the company, and which will be started immediately. When completed the starting of the dredger will begin. Lumber for these structures is going to the camp from Kirkland Valley, the shipping point, by wagon.

Yesterday the Hill Hardware company received a car load of Ford autos, and two will be placed on the market. They are of the touring type, each of 20 horse power, and are fine makes of the company. The T. M. Earnhart town car was in the shipment, and went south last night to Phoenix. F. W. Foster, the auto authority of the firm, left last night for Phoenix, to give Mr. Earnhart his first lessons in gasoline propulsion and turn the machine over to him.

## PARKER LOTS ARE TO BE SOLD IN APRIL

(From Friday's Daily)

All lots in the town site of Parker have been re-appraised and unless the unforeseen occurs to again delay matters, the postponed sale will be held some time in April, says the Phoenix Gazette.

This information has been brought to Phoenix by Raymond Satterwhite, formerly of this city and now a special agent of the land office. Mr. Satterwhite, F. C. Dezenford and Charles C. Kelsey, the latter a special agent for the Colorado River Indians, with headquarters at San Jose, have spent five days at Parker fixing the value of the lots. Mr. Satterwhite says that the board of appraisers has done everything possible to arrive at valuations fair to both the settlers and the government. He does not believe that any protest will be made. If everything is satisfactory as he hopes the sale will be held in April and a great bar to the progress of Parker will be removed.

Since leaving Phoenix Mr. Satterwhite has embarked in the hotel business. He now conducts the Hotel Cadillac at Main and Spring streets, Los Angeles. This is one of the most comfortable and up to date hostels in Los Angeles and doubtless will be well patronized by Mr. Satterwhite's Phoenix friends, who are numbered by the hundreds. The Cadillac, however, is not the entire extent of his holdings in Los Angeles. He conducts two big apartment houses, one within five minutes' walk of Broadway.

### IMPORTANT DEAL FOR PROPERTY

(From Sunday's Daily)  
An important realty transaction, consummated yesterday, was the sale of the business property on Gurley street owned by George H. Cook, to O. A. Hesla, the jeweler. The building is two stories in height, the lower floor being occupied by the Hesla jewelry store and the A. W. Robinson cigar store, while the upper floor is devoted to offices. It occupies a street frontage of one and a half lots, with a depth of 150 feet, extending to the alley.

Mr. Hesla stated that in the future he would make material improvements to the building. He has faith in the future of Prescott, and considers that he has made a good investment. The property is one of the best business locations in the city, and the building only requires a few alterations to make it a thoroughly modern structure.

### SECOND NOTICE TO ARCHITECTS, BUILDERS AND OTHERS.

Notice is hereby given that the Board of Control of the Territory of Arizona, under the provisions of Chapter 23, Laws of 1907, will receive, on or before March 3, 1910, plans, specifications and estimates of cost for the construction of a building to be used as a home for aged and infirm Arizona Pioneers, to be erected in the City of Prescott, on the lot recently acquired by the Territory for that purpose.

The Board will cause to be paid to the Architect whose plans and specifications may be adopted for the erection of said building a premium of 2 1/2 per cent of the estimated cost of said building. There will be available under the terms of said Act for such construction a sum not exceeding Twenty-Five Thousand (\$25,000.00) Dollars, and the cost thereof, together with the furnishing of said building, including the payment of said premium, must come within said amount.

Every proposal which shall be made in response to this notice shall be enclosed in a sealed envelope or wrapper addressed to the Board of Control at Phoenix, Arizona, and bear there on the name of the bidder and the words, "Proposed plans, specifications and estimates for the Pioneers' Home," or words of similar import.

This notice is given under the provisions of Title 55, Revised Statutes of Arizona, 1901, relating to Public Buildings, and persons desiring to submit plans, specifications and estimates of cost in response to this notice must conform and be subject to said provisions of law. The Board reserves the right to reject any and all proposals for any reason which may seem to it to be sufficient.

By order of the Board of Control.  
JAMES J. RIGGS,  
Secretary.

Phoenix, Arizona, February 12, 1910.

First publication Feb. 15-St 1w
